

Learning Community Acceleration (Stroomversnelling)

For leaders and active members of women's networks

Accelerate your network

Make a real difference with your network, for the women in your organization, for your organization and for the energy transition.

The Learning Community Acceleration (Stroomversnelling) provides you with inspiration, practical tools, and access to a valuable network of professionals and experts. In seven sessions (live & online), you'll work together to strengthen and professionalize women's networks that contribute to leadership, equality, and innovation.

Results

The course offers an inspiring and structured environment to develop transformative women's networks within your organization.

- Stronger and more effective networks – practical tools to professionalize your network
- More visibility and influence – learn how women's networks contribute to leadership and cultural change
- Knowledge from top experts – including 75inQ, ECWO (Erasmus University) and VHTO
- Direct link with the energy transition – your network as a driver for innovation and talent inflow
- Access to 3 conferences (worth €525) – expand your business network and meet hundreds of professionals

Target group

- Board members, leaders, and drivers of (in-company) women's networks
- Organizations aiming to retain and promote female professionals
- Companies investing in inclusion and future-proof leadership

Facilitation

- Martine Witteveen – Facilitator of learning communities & moderator of 75inQ conferences
- Anouk Creusen – Director & co-founder of 75inQ, 20 years of experience with professional women's networks

Program 2026

- 7 sessions (live & online)
- Kick-off in Utrecht – January 2026
- 3 conferences in The Hague, Arnhem, and Rotterdam
- Online and in-person sessions in between

Throughout the program, participants gain access to 3 leading conferences – Women in Electricity, Women in Clean Energy, and Women Leading the Energy Transition – to expand their professional network, share knowledge, and connect during a dedicated session on the conference agenda.

Investment

- €2,500 per person (excl. VAT)
- €4,000 per organization (2 participants, excl. VAT)
- Includes participation in 3 conferences (value €525)
